Please note:

- Direct credits will be credited as cleared funds in your bank account on the fourth working day following the date of withdrawal in the normal course of events.
- Despatch of all cheques covering the payment of regular encashments will occur between two and five days following the date of the withdrawal.
- Direct credit is our standard payment method, although regular encashments by cheque, where bank details have not been provided, will still continue at no charge. Where, however, payments are made by some other means, ie telegraphic transfer or draft, a charge of GBP20 (USD30/EUR30) will be made for each payment.
- Direct credit payments can only be made if the payment currency is being sent to the mother country, ie GBP to UK/ Channel Islands, or Euro to Germany, USD to the USA, HKD to Hong Kong etc.
- If your bond is linked to the Offshore With-Profits or Guaranteed Growth Fund, then the first payment must match the time between payments. For example, if the frequency of payments is monthly, the first payment must be one month after your additional investment comes into force. If the frequency of payments is annually, the first payment will be after one year.
- A sufficient number of units will be cancelled proportionately across your funds and policies to meet each payment.
- Units will be cancelled on the valuation date immediately prior to your chosen payment dates. The payment won't usually reach your bank until several working days after this date.
- RL360 Life Insurance Company Limited (RL360° Services) can only make payments to the policyholder or to a bank account in the name of the investor. In the case of an investment by trustees, RL360° Services can only make payments to all the trustees by name or to a bank account in the name of all trustees.
- RL360° Services does not accept responsibility for any transfer charges taken by the beneficiary bank.

Your source of wealth

The Isle of Man Financial Services Authority requires all Isle of Man life companies to make enquiries as to how an applicant has acquired the monies to be used as payment for their plan. This reflects the Isle of Man's commitment to maintain the highest possible standards of business practice and to counter money laundering and the financing of terrorism.

RL360° Services take a risk-based approach to comply with this legislation by risk rating each customer as representing Standard or Higher risk.

Where a higher risk of money laundering or terrorist financing has been identified, we must establish the customer's source of wealth.

Full details on our source of funds and wealth procedures can be obtained from your financial adviser.
